

MG Northumbria Club Run Sunday 21st August 2016

Today's run takes a circular route back to The Plough Inn on some familiar roads and some I hope may be new to most of you but after 14 years it is getting harder to find roads we have not used before in Northumberland. All the roads are in good condition except for about 100 yards but we have used it before so take it slowly, and have a safe journey.

Zero your speedo as you exit the car-park
