

Cheese Farm Run – 6 October 2013

Welcome to today's run of 36 miles to the Northumberland Cheese Farm.

The roads are mainly well surfaced and wide enough for two vehicles, although there is one short stretch with passing places. You will be pleased to learn there are no gates!

There are eight questions around the route and all the answers can be found without getting out of the car. There are no prizes, just the satisfaction of getting them all right

Light refreshments are available at the cheese farm tearoom.

Enjoy the run and have fun.
