

# MG Northumbria Summer Evening Run Wednesday 26<sup>th</sup> August 2015

Welcome to our evening run from The Badger Ponteland and returning here after what I hope is an uneventful but enjoyable run. Please take care on some of the narrow roads as there are occasionally local cycle club events taking place on the same roads. As of Sunday all the roads were in reasonably good condition with no potholes and no loose chippings. One cattle grid at about 18 miles looks a little unsafe and in need of maintenance, but on inspection is fine to cross. If you have any problems call me on 07711 472404.

If there are enough people stopping for a meal to make it worth their while we will have our own private room at the South end of the building. Otherwise it will be a matter of finding a table and ordering your meal at the bar. I trust nobody got lost and you had an enjoyable drive in the country.
