Twisty Roads Run

11th August 2013

Welcome to this years' Twisty run, it is 47 miles and should take 2 hours at easy pace. A slight change of direction this time as we head into North Durham through a mixture of small villages and country lanes, before a few miles of narrow twisty stuff finishing with a blast up onto the moors. The drop down towards Blanchland will be familiar to seasoned Twisters but I make no apologies as it has breathtaking scenery and a chance for navigators to relax! The finish is a picnic site at Pow Hill, note there are no toilets here but a comfort stop may be made in Blanchland. The toilets are on the left before you cross over the river bridge. Over the bridge follow the road left to pick up the route to the finish, about 4 miles. Note that part of the route is run twice!
