Twisty Roads Run August 2014.

Welcome to today's run which retraces part of the route used on the Tommy Cup Rally organised by the Newcastle & District Motor Club which took place on 24th February 1952. I have endeavoured to join up some twisty roads with some interesting and scenic roads, some which i don't think many of you will have used before. I hope you enjoy the twists and turns before a well earned ice cream. If you get lost my mobile is 07711 472404, & Irene's is 07775 602236.

There are a number of junctions where there are no sign posts and others where some of the directions have destinations, but not the way you should go so they are marked N.S.P. "no sign post in that direction". Please drive carefully on the narrow roads, and enjoy the run.
