

**MG Northumbria  
Twisty Roads Run  
12<sup>th</sup> August 2012**

Welcome to this twisty tour of Northumberland. This is a green run in two ways. It is just over 30 miles, so those with A series power might be able to complete it on little over one gallon, and it takes in some of Northumberlands unknown green lanes. It is a compact route and attempts to give an interesting run using local roads to those living in Newcastle and South Northumberland. The finish is at the Country Barn tea room and farm shop at Widdrington, NE61 5EA.

Zero trip at exit from car park. Enjoy!
